WASH RANGE

CT18 SUPERWASH

Chemtech CT18 Superwash is Australia's No 1 concentrated cleaning gel in its category. Formulated for the driver who wants to wash their ride once, and wash it properly. This super concentrated pH neutral cleaning gel is made for jobs of all sizes by easily removing the toughest grease, grime, oil & soot off trucks for a streak free finish.

- Powerful multi-purpose pH neutral biodegradable gel with rust inhibitors made for big and small cleaning jobs
- Breaks down and removes the toughest dirt, mud, grease, oil film, grime, soot and bugs
- Perfect for use as a truck, car and motorbike wash and safe on basically any surface
- Spray, foam or hand apply options available to suit any style of wash
- Super concentrated formula
- Dilute 1:100 for sponge wash, 1:20 if using a sprayer, or 1:10 in a pressure washer
- Australian Made

CT18 SUPER FOAM

Chemtech CT18 Superfoam is perfect for those quick in-between cleans to remove grit and prevent scratching or swirls without the excessive use of elbow grease. The long-lasting, high foam action, makes it tough on aussie dirt, mud and grime, while still being gentle on your paint work with its pH neutral and biodegradable formulation. Easy to apply with a foam gun, the heavy-duty formulation with rust inhibitors, lifts and loosens stubborn dirt and dried on mud from the biggest and most adventurous vehicles.

- Easily remove dirt & grime, simply spray on & hose off
- Prevent scratching & swirling
- For use with a high pressure foam gun
- Safe to use on any vehicle and almost any surface
- Green apple scent
- Dilute 1:4 for heavily soiled vehicles or 1:9 for lightly soiled
- Australian Made

WASH RANGE

CT20 WASH & WAX

Chemtech CT20 Wash & Wax is a rich, concentrated gel specially formulated to gently break through tough road grime and leave your paintwork with a pristine mirror-like sheen. CT20 Wash & Wax contains a high-tech blend of biodegradable, non-caustic cleaning agents including rust inhibitors and a premium wax that leaves surfaces shinier and more resistant to scratches caused by small debris and dirt. Application is a breeze too. Spread it with a sponge or spray it with a pressure washer, or foam gun. CT20 Wash & Wax is gentle on all metallic and clear painted finishes, from buses and trucks to caravans, boats, and motorcycles.

- Achieve an outstanding shine from the very first wash
- pH neutral and biodegradable
- Protects from rust
- Safe for all painted metallic finish and clear
- Leaves a streak free protective wax coating
- Dilute 1:100 for sponge wash, 1:20 if using a sprayer, or 1:10 in a pressure washer
- Australian Made

RL18 SUPERBLUE

The original and the best. Chemtech RL18 Super Blue is a value for money, concentrated detergent, used to clean trucks, trailers, cars, caravans, and marine equipment. Its powerful, biodegradable formulation works fast, cutting through stubborn grease, road grime, red dust, bugs, oil film and soot with minimal streaking.

Apply it with a sponge, pressure washer foaming gun or sprayer. Rust inhibitors make RL18 Super Blue safe for bare metal like aluminum and brass, and the non-toxic, pH neutral formula is safe for all types of paintwork, plastic, rubber and vinyl.

- Removes dirt, mud, oil film and road grime
- pH Neutral, safe on paintwork
- Biodegradable and non-toxic
- Contains rust inhibitor
- Dilute 1:100 for sponge wash, 1:40 if using a sprayer, or 1:20 in a pressure washer
- Australian Made

DEGREASER RANGE

CT14 ENGINE & BILGE DEGREASER

Chemtech CT14 Engine and Bilge Degreaser is nothing short of genius, a safe, environmentally friendly alternative to solvent degreasers. The concentrated water-based degreaser converts oil and grease into a water-soluble product that doesn't contain the hydrocarbons associated with solvent degreaser.

Spray it on with a pressure washer or steam cleaner, it will quickly shift oil, grease, dirt and grime off practically everything from engines, parts, tools and benches, to bikes, machinery and mowers. Even workshop floors and driveways scrub beautifully.

Its also effective for cleaning bilges and boats, because it inhibits rust, and won't harm plastic part, rubber trim or glass.

- Concentrated formula, non toxic, non flammable, biodegradable and will not promote rust
- Removes oil, grease, dirt and grime
- Hydrocarbon solvent free
- Won't promote rust
- Safe on plastic, rubber, glass and most metals and alloys
- Dilute 1:20 for general use and 1:10 for heavy degreasing
- Australian Made

WORKSHOP DEGREASER

Chemtech Workshop Heavy Duty Degreaser is the environmentally friendly alternative to solvent degreasers, with heavy cleaning credentials.

Ready to use in lube bays, around the workshop, garage or anywhere around the home. Whether you're a professional tradie or use it at home, you're guaranteed a great result.

Simply apply it with a brush or spray it on and hose it off. Suitable on everything from engines, parts, tools to walls and concrete leaving a clean finish.

- Water based formula
- Biodegradable and 'Quick Break' laboratory tested (total separation of oil and water)
- Ready to use or dilute 1:10 for light degreasing
- Australian Made

DEGREASER RANGE

SHOCK TREATMENT

Tough grime needs a tough approach. Chemtech Shock Treatment is the powerful, concentrated degreaser that makes short work of heavy-duty cleaning. It's biodegradable, solvent-free formula is tough on aussie dirt, grease and grime but gentle on the environment and your wallet.

Apply it with a brush, sponge, spray, degreasing gun, or high-pressure washer. The concentrated formula gets to work fast, converting oil and grease into a water-soluble product that doesn't contain the hydrocarbons associated with solvent degreaser.

And because it's water-based, it's non-flammable, and safe to use on plastic, rubber and glass. You can also use it to clean most metals and alloys, and it won't cause rust. Even workshop floors and driveways come up a treat.

- Water based and non-flammable, solvent free
- Safe on plastic rubber and glass
- Biodegradable
- Dilute 1:10 for general use and 1:5 for heavy degreasing
- Australian Made
